## Information about student dormitories

### 1. Dormitories of Studentenwerk Bonn

The Studentenwerk Bonn offers about 3.800 rooms within its 35 hostels. Students who are looking for a room in a dormitory have to apply online:

[https://tl1host.de/SWBN/wohnheimaufnahmeantrag.html?lang\\_id=1](https://tl1host.de/SWBN/wohnheimaufnahmeantrag.html?lang_id=1)

While applying it is possible to give some few preferences about the dormitories, which are listed on the Studentenwerk Bonn page.

#### **PLEASE NOTE!**

In order to apply, **no admission** from the university of Bonn is required, which means You can apply any time for an dormitory. That's why we advise You to apply at the same time for a room and to Bonn University. If your degree course of choice is beginning the next **winter semester**, then you should hand in your application within **March, April and June**; for the **summer semester** within **October, November and December**.

Once the application is completed, You will get an **automatic E-Mail** by the Studentenwerk Bonn containing a **confirmation link**, by which You confirm Your interest in an accommodation. This link will be sent to You **every month** for You to confirm. Without confirming within **5 days**, Your application will be **invalid**. If this happens, please write an E-Mail to Studentenwerk asking to reactivate it again.

In order to apply You must be no older than **30 years**.

## 2. Private students accommodations

In Bonn there are also many accommodations offered from private sponsorships. The conditions may differ from the ones of Studentenwerk.

Provider	Application/Contacts	Informations
